The legacy of David Broderick starts in 1849, when he came to San Francisco in pursuit of gold and found himself caught up in California's turbulent politics, due to the conflict between free soilers & proponents of slavery. He ran and won a seat on the State Senate, then rose to Lieutenant Governor and finally to US Senator, leading the Free Soiler Party, who aimed to block slavery's expansion into the western states. Being vocal in his opinions, he caught the ire of pro-slavery Chief Justice David Terry, and was challenged to a duel on September 13th, 1859. Terry & Broderick faced off at Lake Merced in San Francisco, armed with hair-trigger pistols. Broderick's gun discharged early, leaving him unarmed, and he was shot & wounded in the chest by Terry. Broderick died three days later. He was memorialized in 1893 as the old Washington neighborhood of West Sacramento was renamed to Broderick in his honor.

We opened our first restaurant in 2012, paying tribute to both our neighborhood and a man who fought til death for what he believed in.
